Bill:I chose John because he had the best look,sound & moves of all I reviewed. I wanted to surprise my wife, Elaine, for her birthday. Elaine & her family are big Elvis fans,he needed to be very good. Karen made sure John's entrance was a surprise. Was it ever!! Elaine recognized him as Elvis immediately! John's voice truly sounds like Elvis. Elaine: John's performance was nothing short of spectacular! The era he chose was perfect! He looked like Elvis, sang very much like Elvis, and had a great knowledge about Elvis and gave background and history about Elvis' songs and life. Thank you John and your wife Karen for a fabulous show!

I hired John to tour my son's school as part of a Rock & Roll theme teacher appreciation week.He was a hit w/ the teachers and 5/6 grade students.He sang beautifully w/o music.He was flexible in the crazy schedule

we had due to planning around the school day. With each performance, he spoke to the students reminding them the teachers were the true stars of the show and led them in giving the teachers a round of applause. He went over his hourly commitment, but didn't charge us more because we were on a budget and he was happy to "give back". He was friendly, talented, professional and a roaring success! Everyone's still talking about his visit being the hit of the week!

I hired John for my sister's wedding reception in Lewisburg, Pennsylvania. I cannot say enough positive things about him and his wife. I was very concerned about how smoothly things would go, I had no need to be. Things went better than I could have imagined with no stress on me. He was also very willing to do some very special requests which included bringing the couples beagle out when he sang hound dog. If you are concerned about his voice or his appearance, don't be. His voice is truly unbelievable and he had our grandma swooning over him. If you are looking for an entertainer, look no further. John and Karen, thanks so much for sharing your talent with us!

John was a pure delight! His performance was everything we expected and more. His rendition of our favorite Elvis songs was excellent, and his costume changes were superb. John not only sounded and looked like Elvis, but interacted with the guests of my party in a way that made it utterly enjoyable by all who attended! I felt that he was worth every penny we paid to have him perform in my home and would strongly recommend him to anyone who is looking for an Elvis tribute with class. He even stuck around after the performance to allow pictures and to mingle with my guests. Thank you John and Karen! Warm regards, Jeannie Andrews Powell, Ohio

I was very impressed by the follow-up and follow-through from John and his wife, Karen. With me located in Scottsdale, AZ, and setting something up for my daughter's birthday in Ohio, there's always a little bit of "what if" involved. Through emails and a phone call all went extremely smooth, culminating with a delightful, humiliated look of shock on my daughter's face as "Elvis" arrived, making this all worthwhile. My daughter's co-workers said John was extremely talented and would keep him in mind for future work. Thank you Karen and John, you helped make this a memorable 30th birthday for her.

I can't say enough! John is nothing more than a "class act." Being quite nervous about hiring someone by website only and not actually seen him perform, I was very, very, pleased! We hired John for a 50's theme Christmas party. No one knew what the entertainment was to be. The minute he surprised the audience by walking in with a black tuxedo suit with a beautiful gold lamet jacket, the group was thrilled! We had people dancing on their chairs. He entertained with so much style, went with the flow, was very professional, was never obnoxious, as some entertainers can be. I watched the crowd and everyone had a smile on their face remembering when!GREAT!Loved

His voice is very much Elvis's voice, he looks a lot like him, he has Elvis's "moves" down well, and gave us very interesting information about Elvis's life between songs. He spent a lot of "extra" time with us after his scheduled performance, discussing his singing career, which we all enjoyed. If you're undecided about which Elvis Impersonator to hire- don't be. Hire John Jensen! He's FABULOUS, and does a wonderful job. I hired him for my mother's 1950's Themed 65th Surprise birthday party in Dec. '06 for around 120 people, and I was SO PLEASED! His wife Karen was very accomodating and a pleasure to work with as far as scheduling and setting everything up how we wanted. John was punctual, VERY professional, friendly and looked FANTASTIC! He came dressed and ready to go in a 50's era Elvis style outfit, which looked really cool! His voice was amazing- he sounds so much like Elvis that if you close your eyes, you'd swear "The King" was there in the room with you. His dance moves were EXCELLENT, and he even took the time to get down on one knee and sing personally to several of the older ladies in the room during his performance- they LOVED it! When John sang some of the up tempo songs from Elvis's 50's era, he had everybody on their feet and dancing in the aisles. John does a super job of getting people involved in his show, which I feel is a crucial part of a successful party. Not only that, he stayed and sang a few extra songs for us as everyone was having such a great time at no extra cost. He sang several songs to my mother and worked in personal details about her during his performance, which was a lovely touch. He also added a couple songs that some of us had never heard of that Elvis sang, and we all enjoyed hearing them- he even told the stories behind the songs, which we all found extremely interesting- especially the die-hard Elvis fans who were there! After

his performance, EVERYONE in attendance asked me where I found him and wanted to get his contact details for their next party. We had several things planned for her party- a computerized slide show about her life, a live DJ for dancing and karaoke, as well as John's performance, but I must say that John was THE HIT of the party! He stuck around and chatted with everyone who wanted to meet him- which were quite a few people, as all of them were so impressed by him, and he was gracious to everyone and I heard nothing but excellent feedback from ALL of our guests. I would definitely hire him again. My mother couldn't have been more happy with John's "Hail to the King" show. She was in tears after he finished singing, as I think he was so much like the real Elvis that it took her back to her high school days and really brought back some great memories for her. We invited all of her high school girlfriends who she keeps in touch with and they ALL absolutely thought that John's show was amazing and complimented me over and over again on how much fun they had watching him perform. My 88 year old grandmother was there and she loved it too! (She thought he was a complete gentleman, and loved his voice.) His show was great for all ages (my kids were there and they had a blast when John was doing his show, as did all of the other younger people.) You will NOT be disappointed if you choose to hire John for your event. He's professional, punctual, incredibly talented ,and a lot of fun! I would be happy to speak with anyone who is thinking of hiring John if you need more details, or have any questions. I can be reached at (330) 305-1784. Thanks, again, John and Karen! As the organizer of the event, I have heard nothing but good things about this show. John put on a wonderful preformance. He and his wife were very accomodating. They were

punctual, personable, and he was wonderful as Elvis. I heard things like, "Where is he from, he was great?", "He was the best Elvis impersonator I ever saw." "This was the best event we have ever had." I have to admit I was a little worried about the whole thing, using the internet and not having heard or seen him before. I was worried for nothing, it was a very smooth transaction. Gigmaster was wonderful. What a great idea. I was very unsure what to expect when I hired John Jensen sight unseen. I was very pleased with the performance and professionalism of both he and his wife. Everyone enjoyed the show very much. My only criticism would be: a spotlight would have made his presentation more dramatic, I think. The lighting was rather dim and he would have been more favorably showcased if there had been better lighting, although I'm not sure how they would have accomplished that with just the 2 of them.
